

Dear parents

Hello! Welcome to 4th grade greek math. My name is Evangelia Athanasia Sali. I come from Greece. I have been teaching elementary students for 12 years and this is my second year in Archimedean Academy.

My goal for this year is to help your children to improve their skills in greek math and deepen their knowledge. To accomplish this goal, there will be regular homework and we will be making the most of our class time. My expectations for the students this year will be high. They will need to work hard and do their best.

My door is always open. If you have anything to share or if you want to speak with me in person don't hesitate to email me at [evangelia.sali@archimedean.org](mailto:evangelia.sali@archimedean.org) or send me a note through your child.

I am looking forward for a productive and successful school year!

Sincerely  
Evangelia Athanasia Sali  
4D Homeroom Teacher
