

Access to Online American Math Textbook

1. Go to <https://connected.mcgraw-hill.com/>
2. Login with your username and password
 - Username: first initial, last name, “@AMC2020” (Unless I spoke with you personally)
 - Ex: Mrs. Moser → MMoser@AMC2020
 - Ex: John Doe → JDoe@AMC2020
 - Password: everyone’s password is Archie123 (capital A)
3. Click "Launch" next to/below the picture of the book. →
4. To access the online book, click the green "e-book" button on the right side of the webpage.

Helpful Hint:

If you ever have problems with a problem from the pages labeled “Independent Practice”, the online text has some help for you. In the online text, click the House button on the bottom of the screen/page to take you to an area that gives you some help. The first box usually has a speech bubble and will have a video of a teacher working a problem out for you. The second box that has the little house and says “Step-by-step solutions” will show you how to solve the problems from the book with a small house on them.
