

Good Morning 8th Graders. I will be coming around to assist you and explain any last second details that you don't understand, but, in order to maximize the time you have to test, I figured I'd type a lot of it here for you proctors to project to you instead.

First, go to this link:

<https://forms.gle/p2e6uQgzMNuG6Bs76>

Copy it **EXACTLY** as is. This will take you to the form we used to turn in the essay last time.

Next, open up pages and disable spellcheck.

> Look at the top and click **edit**

> Click the "Spelling and Grammar" tab

> Uncheck "Correct Spelling Automatically" and "Check Spelling while typing."

Your teachers will hand out a piece of paper that you can use to plan. **WRITE DOWN THE PROMPT !**

Then, be sure to write your name on the top or bottom of the pages document.

When you're done, copy and paste your completed essay from pages onto the google form and submit it.
