

ENVIRO – Project = TEST GRADE (chapters 22) = DUE April 3rd, 2020@23:59

1. Read chapter 22
2. Draw a map of an ecovillage/ecocity of your own. These are the things you have to take to the consideration:
 - a. Name your ECOcity/village and the streets
 - b. Describe the building material (green architecture/eco building)
 - c. Describe the infrastructure your ecocity or ecovillage has
 - i. Energy source (renewable/nonrenewable)
 - ii. Transportation (public/cars)
 - iii. Agriculture/feeding the population
 - iv. Jobs, schools, hospitals, leisure time....
 - v. Waste management
 - vi. Potential pollution (you are trying NOT to have any!)
 - d. The main goal of your ecovillage/ecocity is to be SUSTAINABLE
3. Attach an explanation of each improvement in a form of PP (six slides)

You can draw and use pictures to create your ecocity/ecovillage. Six slides of PP to describe each infrastructure.
