

# Science Distance Learning: Week April 27<sup>th</sup>-May 1<sup>st</sup>

## Characteristics of Animals

### Adaptations

#### Vocabulary:

adaptation

habitat

environment

predator

prey

structural adaptation

behavioral adaptation

camouflage

mimicry

#### Instructions:

-Scholars will need the following items for our science sessions this week: lined paper, white paper, pencil, eraser, color pencils, crayons.

- Further instructions will be disclosed on Monday during our Science session.

- Scholars will follow directions and start this week's homework for Science during our sessions.

- Scholars will continue working and finish work on their own time after sessions.

- On Friday, May 1<sup>st</sup>, the finished work must be uploaded to Archie to be graded.

- The grade will be on following directions, completion of work, effort, and neatness. The scholar should work independently on their work.

Best,

Mrs. Coogan
