Kant and Hegel questions assignment

These are the questions we will be discussing during our reading of ALHOP chapters 19 and 22 (Kant and Hegel). You will write down or type your answers to these questions while we read the chapters on Monday May 11 to Friday May 15. Once we are finished with the reading and have answered all of the questions, you will then submit all of your answers completed in one PDF document through Archi.

Chapter 19, "Rose-Tinted Reality" (Immanuel Kant)

1. Immanuel Kant described the human mind as a "filter" of reality. What does this mean?

2. Try to *define* the following two terms, based on the reading:

- **Noumenal world:**

- **Phenomenal world:**

3. Try to *define* the following two terms, based on the reading:

- **Analytic:**

- **Synthetic:**

4. Provide an *example* of each, based on the reading:

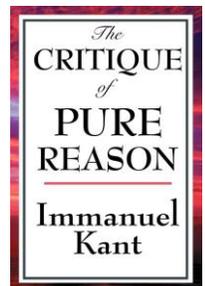

- **Analytic knowledge:**

- **Synthetic knowledge:**

5. What is *a priori* knowledge?

6. According to Kant, what is ***synthetic a priori*** knowledge?

7. What would be an example of ***synthetic a priori*** knowledge?

8. How was Kant's thought a major breakthrough in philosophy?

9. How are Kant's ideas similar to John Locke's?

Chapter 22, "The Owl of Minerva" (Georg W.F. Hegel)

9. According to Hegel, when will wisdom and understanding come in human history?

10. How did the French Revolution affect Hegel's ideas/thought?

11. Describe Hegel's concept of 'reality'.

12. Describe Hegel's idea of history.

13. What does Hegel think history gradually leads to?

14. Describe Hegel's '**dialectical method**'.

15. According to Hegel, what is the special place of philosophers in society and history?
