

Dear Students,

Upload your work on Packet # 11 (Part: THREE) here.

- * There are only 10 pages**
- * Pages must be properly ordered in the same order as given**
- * Remember, this work was not assigned as homework. I expect all of you work together along with me during class instead of waiting to complete it on Friday evening.**
- * For future reference, I just want to remind you that all upcoming Packets will be posted online before beginning of the week. You may print it and write on it so that it will be easier for you to keep track of your class work and also it will be more organized for your learning.**
- * If you do not have access to a printer you can write all work on a separate sheet of paper and submit.**
- * Scan your work**
- * convert it to a pdf document (Please combine all pages into a single pdf document. (This will make it much easier for me to read)**
- * upload your work. (don't forget, you must use Firefox. Other browsers may not work well with this uploading)**

Regards...
