## Keep Math on Track with Archimedean Academy's Math Summer Assignment

Research shows that over the summer break, children can lose over two months' math learning. To help beat this Summer Slide, scholars have been assigned a Math SumDog Summer Assignment.

Students will be responsible for completing 1,500 questions. Students will begin the Math Summer Assignment on June 2<sup>nd</sup> at 7:00 a.m. The completed assignment is due on Sunday, August 30<sup>th</sup> by 8:00 p.m. and will be worth a Grade.

Grading Scale:

<b><u>Questions Completed</u></b>	<b><u>Score</u></b>
