

COMPUTER PROJECT

Objective: To research and present an assignment about a country that you select and you have to include: Country's official name, capital, main cities, form of government, official language, predominant religion, official currency, location, population, economy, typical food, climate, tourist sites. Etc.

Presentation: This project has to be presented in Word on Windows, pages on Mac computers or Google Doc. You will present it during my class and upload it on Archie.

Be Creative and have Fun!

Sincerely,
Mrs. Estrada
