- If you're using any other version, I'll give you the first and last lines of each chapter:

Chapter 21:

Starts with → "Toward the close of October Castel's anti-plague serum was tried for the first time."

Ends with → "'So you see', but he refrained from meeting the priest's eyes, 'God Himself can't part us now.'"

Chapter 22:

Starts with → "Since joining Rieux's band of workers Paneloux had spent his entire time in hospitals and places where he came in contact with plague."

Ends with → "Against his name the index card recorded: 'Doubtful case.'"
