

MATH Homework – Packet 12

4A, 4B, 4C, 4D, 4E

Week of 11/22

Hello students and parents,

This week we will test on Chapter 5 and start learning about Fractions. Please follow the schedule below. Do not do homework ahead of time.

HOMEWORK IS DUE ON 11/29 – Monday morning.

Date	Lesson	Assignment
Monday, 11/22	TEST	Seesaw activity (read next page)
Tuesday, 11/23	Lesson 6.1	Finish Seesaw if not done.
Wednesday, 11/24	Holiday – no school	No Homework
Thursday, 11/25	Holiday – no school	No Homework
Friday, 11/26	Holiday – no school	No Homework

For a review on any lesson, login to Thinkcentral <https://www-k6.thinkcentral.com/ePC/start.do>, and go to “My Library”, then “GoMath! Interactive Student Edition G4”, then Chapter 6, and the Lesson number.

You may also access any lesson on cinemath.archimedean.org – under 4A

Wish you all a great Thanksgiving with your loved ones!

Mrs. Anelise Schlindwein

Anelise.schlindwein@archimedean.org

Hello amazing 4th graders!

For this week's homework, you will solve three different problems and explain your thinking while reading, underlining/circling, and as you show your work.

You will do the "math talk" the entire time. You may pretend you are the teacher, or you may pretend you are explaining how to solve the problem to someone else.

That means you will record from beginning to end.

DO NOT record yourself after you showed your work – that will not be accepted!

Read all directions on Seesaw and submit your work on Seesaw. This is Monday's homework.

Have fun!

Mrs. Anelise
