

Classwork Grade 4: Participation Grade Self-Evaluation and Suggestions

Student Name (print):

Class Section (circle): 8A 8B 8C 8D 8E

Grade Type: Classwork

Due Date: September 23

Instructions: In the spaces provided below, evaluate your participation so far in the class (question 1). You may, if you like (this is not required), provide suggestions about the class (question 2). Turn in this assignment as an edited version of this document on Archie.

Question 1 (required):

In the space below, evaluate your participation in the class so far according to the following values:

- 1) Students should be prepared for the lesson and ought to be paying attention at all times.
- 2) Students should be respectful of classroom rules, their peers, and the instructions of the teacher.
- 3) Students should take the required notes as directed.
- 4) Students should verbally participate in class by asking and answering questions, volunteering to read when given the opportunity, engaging with their classmates when appropriate, etc.

Question 2 (optional):

In the space below, provide any suggestions regarding how your teacher (me!) might improve your classroom/learning experience. You may include suggestions about seating charts. For each suggestion, provide reasons as to why you think this is a good suggestion and how it will improve the learning experience for you and/or your classmates. If you like, you may also say what you think is working well in the class so far and what you'd like to see more of.
