

Note to Geometry Students 8A,8B,8C,8D &8E

I posted a HW (as HW-10) on Triangle Angle Sum Property and Triangle Exterior Angle property.

This same HW I posted last week and deleted for some reason. Those who did this already that time don't have to do it again. Most of you from 8E did it. Those who didn't do it must do it now. This lesson, **Triangle Angle Sum Property and Triangle Exterior Angle property** is the topic for our next Quiz, next Friday ,7 th Oct.

Mr. George Chacko

Geometry Teacher.
