## Εργασία για το σπίτι

Hello Students and Parents,

This week we will work and practice on Subtraction with “horizo” as you’ll see in each page. Children please practice at home for at least ten minutes every day on the “friends of 10”, counting forward and backwards up to 100 and solving simple oral subtractions and additions with 2digit numbers.

Parents, practice with your children for the best results and feel free to make additional exercises in the same manner..

Students have to return the completed homework in their red folders by Thursday.

Thank you.
