5

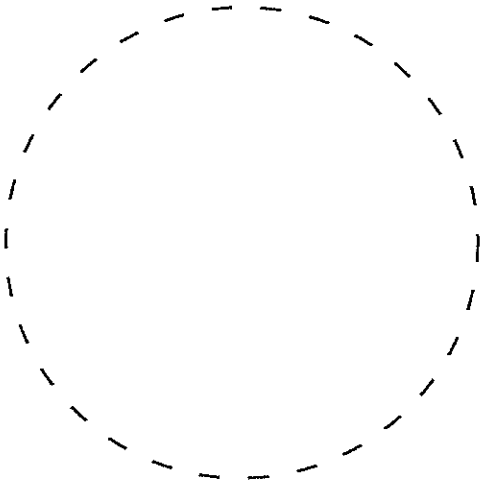

Use counters to show 4. (draw 4 dots)

Color 4 starfish.

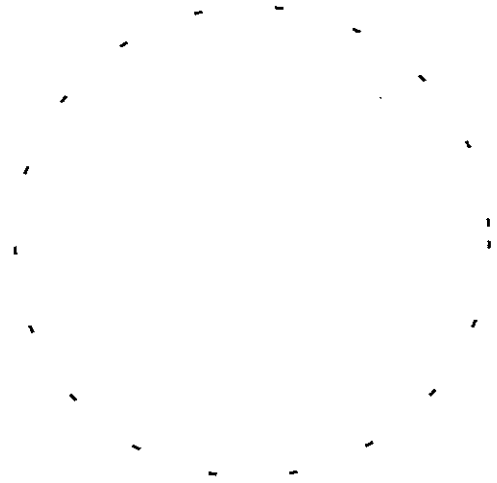

# Circle Tracing

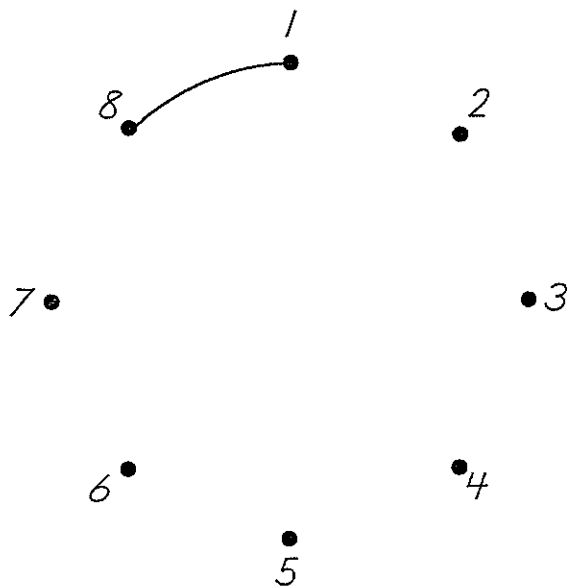

I am a shape with no corners.  
Can you trace me?

I am a shape with no sides.  
Can you still trace me?

I'm getting a little harder to  
trace, can you connect the dots?

Now can you draw a circle all  
on your own? *color it.*
