

Name: \_\_\_\_\_ Section: \_\_\_\_\_

### Homework

This week we will continue Chapter 5 and start Chapter 6 on Thursday. **Please do not work ahead on homework assignments.** Failure to complete homework or bring packet to class will result in points deducted. Scholars will complete the Chapter 3, 4, 5 Test on Wednesday, October 4th.

### Reminders

Please have your child use Reflex Math to master and reinforce their fact fluency. The 3<sup>rd</sup> Grade curriculum depends on a strong foundation in multiplication and division facts.

### Extra Practice

Additional practice for the daily lesson and for the test is available on HMH. To access the practice, please have your child login into HMH. Click on assignments, there you will see practice for our daily lessons.

### Notes

Scholars should use a separate sheet of paper if they need additional space. Packets submitted after the due date will result in a lower grade. If a scholar struggles with a lesson, they can review the daily lessons on HMH. Please feel free to contact me with any questions or concerns at [diana.charaf@archimedean.org](mailto:diana.charaf@archimedean.org).

Monday            October 2nd.            - RR3, RR4 on IXL

Tuesday            October 3rd            - K5, F3 on IXL
