### Point of View

The narrator is the person who tells a story. Readers see the story events through the narrator's point of view.

WHO tells the story?

#### THIRD-PERSON NARRATOR

A person who is **NOT** in the book is telling it. Look for the words **he, she, or they**.

#### FIRST-PERSON NARRATOR

A person who is in the book is telling it. Look for the words **I, me, or my**.

### IDEAS and SUPPORT

When authors write to persuade, they want readers to do or believe something.

### Make Connections

When you read, find ways that the text is like things in your own life and other texts you have read.

It all starts here!

#### Text to Self

This reminds me of when I...

#### Text to Text

This is like another book I read...

#### Text to World

This is like something that happened in my community...

### Text Organization

#### Description

Informational texts have a structure, or type of organization, that fits the topic and the author's purpose.

**Description** is one kind of structure or organization. Authors choose description to tell details about **what something is like**.
