

## Philosophy Slam Speech Reminder

As announced last class, you will need to present your philosophy slam submission as a speech. It will be either an A or an F grade based on your eye contact.

You must look at the audience for more than half of the time in order to get an A. If you don't you get an F.

Suggestions:

PRACTICE, PRACTICE, PRACTICE

Print your submission triple spaced and in big font so you can just glance at parts of the sentences rather than reading the whole thing.

You don't need to sit there and spend your time memorizing the whole thing. If you practice enough times you will see how much you will be able to retain. 😊
