

M9X & M9Y - Advanced Placement Statistics
Chapter 10 - Hypothesis Test for Population Proportion

April 19, 2017

Dear Students,

Please carefully study section §10.3 of your textbook covering the **9-steps** process of conducting a *Hypothesis Test for a Population Proportion*. You can find a summary of the z -test for a population proportion p on page 596, and a description of the 9-steps process on page 597, as well as, the handout that I distributed for you to work on during the 6th period class today.

Once you finish studying, proceed by answering problems: 10.28, 10.36, and 10.40

As always your work should be uploaded electronically and not turned in by email or on paper.

Mr. Demopoulos
