

Coach Book Assignment (17 th April 2019)

8th Grade Geometry Students (AMC)

You need to learn the Unit 5 (Instruction Coach Book) lessons 24,25,26,28 and 29 and do the practice work in each lesson. Show the work wherever relevant. From Next Monday on wards you are supposed to have your coach book in every Geometry Class. When I go over the answers you must have the coach book with the answers.

Mr. George

Geometry Teacher AMC.
