

Instructions for My Absence (5/17-5/19)

During my absence, you are required to review and work on the following SEPARATE MATERIALS on Archie:

1. Aristotle and Aquinas' Views on Animals (Lesson PDF)
2. Tom Regan's Case for Animal Rights (Lesson PDF)
3. GoogleForms Assessment (CW GRADE)
4. HW- National Geographic's, *Minds of their Own* (Reading)

Notes:

1. Each lesson PDF provides a review of instructions for success, teacher notes for understanding the material, as well as a copy of the questions that are on GoogleForms. The original PowerPoints on Anthropocentrism and Non-Anthropocentrism are handy for reference as we have introduced the main concepts the readings/lessons explore. For anthropocentrism, slides 1-15 are of special interest and for non-anthropocentrism (Regan), slides 2-4 are of special interest. I included my own notes that provide a close read and detail of every crucial aspect of the Regan text.
2. Here is an additional link to the Regan text:
https://www.wellbeingintlstudiesrepository.org/cgi/viewcontent.cgi?article=1003&context=acwp_away
3. The GoogleForms assessment will check your comprehension of the two readings [anthropocentrism's (Aristotle + Aquinas) as well as the Neo-Kantian (Tom Regan) perspective on animals]. *Make sure you submit the answers over both GoogleForms and Archie.*
