**Reminders**

- **HW due MONDAY, March 22ND on Seesaw**
- **Weathering and Erosion/Earth's Natural Resources Test Friday 3/19**
- Study your notes and complete your study guide to review and prepare for your test on Friday.

**SCIENCE VOCABULARY**

**Renewable Resource:** natural resource that is replenished by natural processes

**Non Renewable Resource:** is used faster than the environment's capacity to replace them.

**Weathering:** the breaking down of rocks and minerals by wind, rain, snow, growing plants, and burrowing animals.

**Erosion:** the process of moving weathered rock from one place to another through wind, water, and ice.
