

For Monday, September 20, you will finish *The House on Mango Street!*

You'll start with the chapter titled "Sally" (page 81) and stop reading when you get to the end, the last chapter being "Mango Says Goodbye Sometimes" (page 110).

Think about themes that are prevalent in the text and how they are being explored. Try and make connections based on the conversations we've had in class and how those ideas carry over into the rest of the book.

And have a great weekend :)

All the best,

Ms. Gomez
