

Dear Parents,

I would like to take this time to welcome you to the 2023-2024 school year and let you know how excited I am to have your child in my Science class this year. This year will be an exciting journey into Science as we explore Physical Science, Earth and Space Science, and Life Science in new and exciting ways. This is a very important year, as we are reinforcing and building upon everything your child has learned since Kindergarten. My focus is to inspire life-long curiosity about the world and foster a love for science. With your support, this will be a very successful partnership in your child's educational journey.

Attached you will find some important information about my class. I am looking forward to a great year!

Sincerely,

Mrs. Laura Hernandez

Parents, please note that it is the scholar's responsibility to monitor their grades. If there is a grade you or the scholar is unsure of or have questions about, it is imperative that you email the teacher immediately after a grade is input in Grade Book, as it is very hard to remedy a problem if you notify us weeks later and/or at the end of the grading period.
