Complete sentences vs. run on sentences

Students must know the meaning and spelling of the vocabulary words above by Sept. 6th (notebooks). Also, they must know when it is appropriate to use the grammar words correctly in a complete sentence. All these have been taught in class, and students have notes. Students must not use run on sentences.

All Homework is to be done on the night assigned for the following day. Late submissions are deducted a letter grade for each day late, and cut off at 50% so that students may turn in late assignments at ANY given time, no matter how late. A 50% is better than a 0. Anything is better than a 0.
