

AP Self-Reflection

For this assignment, I'd like you to write a self-reflection focusing on what you think you did well last year in AP English as well as what you need help with. What were the biggest obstacles you faced? These can be academic, personal, or something else. Be as honest with yourself, and with me as possible so we can work together to find the best way for you to get the highest possible score on the exam. Include anything and everything! This is just between us and I won't share your responses with anyone.

Try to have fun writing this and don't worry about academic conventions. Just try to get your ideas across.
