

**Title:** Introduction to Light Microscope – letter “e”

**Statement/Objective of the Problem:** Setup, create, and observe Letter “e” under the microscope.

**Experiment #1:**

**Theory to the Problem:**

Define the key words:

1. Light microscope -
2. slide and cover slide -
3. microscope magnification -

**Materials:**

**Procedure of Experiment #1:**

- 1.
- 2.
- 3.

**Results (Data):**

**the pictures of you see under the microscope goes here!!!!!!**

**Conclusion:**

**What did you learn.....**
