

Classwork Assignment — *Odyssey* Map

Instructions:

By now, you should have saved the document that contains the *Odyssey* reading. That is the document that you should have downloaded from Resources, not from Homework.¹

In class, we traced the route of Odysseus throughout the Mediterranean, and you should have his route saved on the document that contains the *Odyssey* reading.

In Archie, go to Homework, and upload the *Odyssey* reading that contains the route that we traced in class. To receive full credit, you must have traced each step of his journey on the appropriate page of the reading assignment.

Note: Do not confuse the *Odyssey* reading (and the *Odyssey* map assignment) with the homework assignment on the *Odyssey*. The homework assignment is titled “Ten Questions on Homer’s *Odyssey*”. That is a separate assignment. If you upload the wrong assignment, you will not receive credit. Since the *Odyssey* map assignment is a classwork assignment, no late submissions shall be accepted. (So, if you turn it in late, you will receive a Z!)

¹ The *Odyssey* assignment under Homework is a different assignment, titled “Ten Questions on Homer’s *Odyssey*”. That is a separate assignment.
