Τάξη (class): _____

Εργασία για το σπίτι (Homework)

Hello Students and Parents. This week we will practice addition using the “horizo” method with double digit numbers. We will learn the names of the shapes in Greek and we will mention angles and sides. All the cinemath videos are uploaded. Use all of them as a guide for the pronunciation and how to use the “horizo” method:

<https://cinemath.archimedean.org/> → (login with archie username and password) → click on “The AA Cinemath Portal” → Grade 1 → 1E → Greek Math → Addition → “Horizo” method

Practice with your children for the best results.

Students have to return the completed homework in their red folders by Thursday Jan 11.

If you have any questions or concerns, please do not hesitate to communicate with me:

dimitrios.meliopoulos@archimedean.org

Thank you.

Δευτέρα 15 Ιανουαρίου: No HW

Τρίτη 16 Ιανουαρίου: Εργασία 1

Solve the exercises and read them in Greek

Τετάρτη 17 Ιανουαρίου: Εργασία 1

Test in Horizo addition

Πέμπτη 18 Ιανουαρίου: No HW

Homework turn in day.

Παρασκευή 19 Ιανουαρίου: No HW

Εργασία 1

Πρόσθεση: Δούλεψε με **κυκλώνω** και **χωρίζω**, γράψε την επόμενη δεκάδα.

$$\begin{array}{l} \boxed{7 + 5 =} \\ \begin{array}{c} \text{3} \quad \text{2} \\ \hline \end{array} \\ \begin{array}{r} \text{7} + \text{3} = \text{10} \\ \text{10} + \text{2} = \text{12} \end{array} \end{array}$$

$$\begin{array}{l} \boxed{8 + 3 =} \\ \begin{array}{c} \quad \quad \\ \hline \end{array} \\ \begin{array}{r} \quad + \quad = \text{10} \\ \quad + \quad = \quad \end{array} \end{array}$$

$$\begin{array}{l} \boxed{7 + 6 =} \\ \begin{array}{c} \quad \quad \\ \hline \end{array} \\ \begin{array}{r} \quad + \quad = \quad \\ \quad + \quad = \quad \end{array} \end{array}$$

$$\begin{array}{l} \boxed{5 + 7 =} \\ \begin{array}{c} \quad \quad \\ \hline \end{array} \\ \begin{array}{r} \quad + \quad = \quad \\ \quad + \quad = \quad \end{array} \end{array}$$

$$\begin{array}{l} \boxed{15 + 8 =} \\ \begin{array}{c} \quad \quad \\ \hline \end{array} \\ \begin{array}{r} \quad + \quad = \text{20} \\ \quad + \quad = \quad \end{array} \end{array}$$

$$\begin{array}{l} \boxed{56 + 9 =} \\ \begin{array}{c} \quad \quad \\ \hline \end{array} \\ \begin{array}{r} \quad + \quad = \text{60} \\ \quad + \quad = \quad \end{array} \end{array}$$
