

1. Go to the below link and pick one of the poems to work with:

<https://www.poetryfoundation.org/collections/145134/love-poems>

2. Once you have your poem, copy it to a page.
3. Identify two literary devices (highlight and write next to the line what you found)
4. Write a few sentences about the meaning of the poem/analyze what you understood by mentioning a theme/moral
5. Write your own poem inspired by a line of the poem you worked with (a golden shovel)
  - a. So if your line is "I love cheeseburgers," then those become the last words of each line →

It is something I  
have never experienced: love.  
But I think it is like eating cheeseburgers."

6. You should also use the same literary devices you identified from question 3 and identify them in your own poem.
