

Science Class News

February 26th - March 11th

Name: _____ Section: _____ Date: _____

Announcements & Reminders

- Homework is due on Monday, March 11th.
- Please place homework in yellow science folder.

This week in Science class

- Our little scientists have been busy learning about Forces and Motion of objects. This week they're exploring how forces can cause changes in the movement of objects – making them speed up, slow down, or change direction.

Science words to know

Force: A force is a push or pull that makes things move.

Motion: Motion is when an object is moving.

Pull: A pull is when you use force to move an object closer to you.

Push: A push is when you use force to move an object away from you.

Name: _____

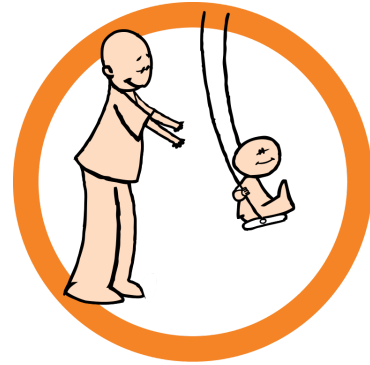

Circle if the picture is showing Push or Pull.

Push Pull
