

# Materials:

## **Real Plants**

Mini Succulents

Mini Trees (Bonsai type)

Grass (Sod)

## **Fake Structures to Mimic Usage of Park/Green Spaces**

Park Modeling Structures

Sidewalks

Fencing

Plants need to be small so they can fit in the space provided.

Students will plan out their “Green Roof” first and then bring in the materials needed. Students can discuss who can bring what with each other.

If anything additional is needed, I will purchase/provide those materials.
