

### **Unit 1 Classwork 1**

Answer the following questions, and make sure to follow directions.

1. *When* were you born? (E.g., on what day of what month of what year were you born?)  
There is a *factual* answer to the question.
  
2. How *old* are you? (For example, how many years have you been alive?)  
There is a *factual* answer to the question.
  
3. When did the *first* year of your life *begin*? Did it begin when you turned *one*? Did it begin when you *born*? *When* did your life begin? There is a *factual* answer to the question.
  
4. SPECULATIVE OPINION: Was there a *beginning* of time? Why or why not? Explain.

5. FACT-BASED OPINION: Where does the sun go at night? Explain your answer.
6. FACT-BASED OPINION: How do you know whether or not a clock tells the time *accurately*? (There are multiple *factual* answers to the question, but this is an opinion-based question.)
7. FACT-BASED OPINION: Will the sun come up tomorrow? Why or why not? Explain.
8. SPECULATIVE OPINION: *Where* is the universe? Explain your answer.
