newsletter

Week of: October 14th - October 18th

WHAT ARE WE LEARNING?

Fairchild challenge - (in class project).

Students will create their own superhero dedicated to protecting the environment. They will then design a poster showing their eco-hero in action, safeguarding the citizens, plants, and wildlife of Miami.

Later this week, we will begin our first STEM challenge: "Build a Shelter." The students will engineer a shelter that will keep their toy figures safe during a "hurricane".

HOMEWORK

- No homework this week.

QUIZLET

- No Quizlet this week.

I've created an Amazon wishlist for our classroom! If you'd like to help support our learning, feel free to scan the QR code. Your generosity is greatly appreciated and will make a big difference for our students!

*Volunteer hours will be awarded.
