

Fairchild Challenge #3

<https://fairchildgarden.org/high-school-challenge-3/>

DUE: December 1st, 2024 by email –

Quiz Grade

- 1. Study the rubric and the assignment**
- 2. Design the blueprint of a future sustainable garden (location of your choice in Miami) that can mitigate the increasing temperature and the heat island effect**
- 3. The blueprint MUST be hand generated design containing ONLY native South Florida species**
- 4. The blueprint MUST contain the legend explaining the arrangement of plants you are using**

Here is an example:

The main objective is the content and arrangement of the plants, the design must look professional.
