Chapter 11: Multiplication with Multiples of 10 and 100

Dear Family,

During the next few weeks, our math class will be learning more about multiplication. We will learn strategies for multiplying with multiples of 10 and 100 and multiplying a 2-digit number with a 1-digit number.

You can expect to see homework that provides practice with strategies for multiplying with multiples of 10 and 100 and 2-digit numbers with 1-digit numbers.

Vocabulary

Factor: A number that is multiplied by another number to find a product.

Multiple: A number that is the product of two counting numbers.

Partial product: the product found by multiplying the tens and the ones separately.

Product: The answer to a multiplication problem.

- **Homework due date: Sunday, Dec. 8th**
- **Chapter 7 test on Thursday, Dec. 5th (Revision will be sent home in the red folder)**
- **Feel free to contact me with any questions at diana.charaf@archimedean.org**

Complete homework daily based on the schedule provided below:

Day	Assignment
Monday 12/02	WS2 - GPN on IXL
Tuesday 12/03	8XQ - MS6 on IXL
Wednesday 12/04	FYX - QGP on IXL
Thursday 12/05	CPB - FFA on IXL
Friday 12/06	QXM - V9Q on IXL
