

Hello all,

Please complete the Chapter 5 Practice worksheet that we started today in class. You can download it from the Resources page on Archie. In addition, start reading Chapter 6, Lesson 1, starting on page 115 in the eBook. Your reading notes entry for this section should include the Word Wall definitions, and please answer all four prompt questions on page 116, the three prompt questions on page 117, and the questions about Oldest Life interpreting the diagram as well as the Apply It question on page 118. Let me know if you have any questions.

Best,

MF
