

CLASS NEWS

MS. BOXER'S SCIENCE CLASS

Week Of February 3--7

OUR LEARNING

This week in science class, we are learning all about force, motion, push and pulls. We will explore forces and how things move.

Scholars will also work in groups to complete our Oobleck experiment where we will make Oobleck and investigate matter and force through our five senses.

Vocabulary Words:

Force

Push

Pull

Motion

Energy

EVENTS

- February 14th-
Valentines Day
