# Extra Credit Timeline Project

Submit by 2/14 for an extra credit project grade.

CREATE YOUR OWN!

Look back at Tramayne's timeline. Use it as a model to create your own.

Materials

- Colored Note cards
- Markers
- Tape or Glue
- Scissors
- Magazines or Pictures
- String
- Clothespins or Paper Clips

1. Write important events from your life on note cards. Put the date at the top of the card, and write what happened at the bottom. Leave space for a picture!

2. Arrange all of your note cards in order. Put the earliest event on top and the most recent event on the bottom.

3. Add drawings or pictures to your note cards. You can use photographs if your parents say it is okay.

4. Add your note cards to a piece of string with clothes pins or paperclips. Put the earliest event on the left and the most current one on the right.

5. Share your timeline with the class. It will be fun to tell your friends about yourself.
