We will analyze the value of a number (hundreds, tens, ones) and learn to identify (greater/smaller/equal) (half/double) 3/2/1 digit numbers, using symbols (+ , - , () , = , > , <) and properties in addition - subtraction problems. Mental Maths: (Completion of a **multiple of 10**), (Three/two digit **plus** a single/two digit integer), (Two digit **minus** a single/two digit integer).

Dear Parents,
