

3rd Grade American Math HW

Chapter 5: Time Measurement and Intervals

Dear Family,

During the next few weeks, our math class will be learning how to tell time to the nearest minute and how to measure elapsed time.

You can expect to see homework that provides practice with telling time to the nearest minute and measuring elapsed time.

Vocabulary

a.m. : The times after midnight and before noon.

elapsed time: The amount of time that passes from the start of an activity to the end of the activity.

p.m. : The times after noon and before midnight.
