

3rd Grade American Math HW

Chapter 24: Represent and Interpret Data

Dear Families,

Over the next few weeks, our math class will be focusing on interpreting and representing data. Students will practice using tally tables, frequency tables, pictographs, bar graphs, line plots, and circle graphs. You can expect to see homework that reinforces these skills at home.

Additionally, we will also be reviewing important skills in preparation for the upcoming FAST assessment.

Vocabulary

Categorical data: A type of data that can be divided into groups.

Circle graph: A graph that uses parts of a circle to show data.

Frequency table: A frequency table uses numbers to record data.

Key: The part of a pictograph that tells what the symbols stand for.

Line plot: A line plot uses marks to record each piece of data above a number line.

Scale: An equally spaced set of numbers that help determine the number a bar shows.

- Homework due date: **Sunday, May 4th**
- **Feel free to contact me with any questions at**
diana.charaf@archimedean.org

Complete homework daily based on the schedule provided below:

Monday 04/28

Tuesday 04/29

Wednesday 04/30

Thursday 05/01

Friday 05/02

IXL lessons: PTF - 6EQ

IXL lessons: VPW - 8CW

IXL lessons: 5KV - AVG

IXL lessons: RPF - YXD

IXL lessons: H5J - BCJ
