

## 2α Δημοτικού Ελληνική Γλώσσα

Dear 2nd Grade Parents,

*This week in our Greek language class the scholars will be introduced to the Greek alphabet. A hard copy of the alphabet will be send home this week in your child's Orange folder.*

*To facilitate the process of learning the Greek alphabet and corresponding letter sounds, I ask if you could please review the following links with the Greek Alphabet and with two educational Greek alphabet videos from Youtube. I think that both you and your child will enjoy it very much. This is not a homework assignment. This is just something that I would like for the scholars to practice at home.*
