HW Chapter 5 YouTube Video Notes (6 videos total)

Every week I will post 5–7 YouTube videos as homework.

These Youtube homework are MANDATORY

Students are always expected to submit handwritten notes

Notes Requirements for Each Video:

1. Write the title of the video.
2. Include the definition(s) covered.
3. Copy down any important formulas.
4. Provide at least 2 examples from the video, worked out completely.

Reminder: Neat, complete notes are part of your grade.

Chapter 5 - Operations with Rational Numbers YouTube Videos

Absolute value as distance between numbers
