

Dear All,

I hope you all had a great weekend. I'm sorry I can't be there today. Hopefully I can get some things resolved today for my arm. I ask that you please continue working on your essays without the permission to move forward.

Remember:

HITBriz with a great Introduction

TREEB for the body paragraphs

And for the conclusion:

TOTALLY -Transition

REALLY - Restate the thesis in different words

STUPID - Summarize your ideas (ways)

DORK - Drop the mic

I know that today I was supposed to check your annotations and give you your COW test and the 3rd book test. I will be there tomorrow rain or shine! Love you!

Ms. Briz
