

#2 GENERAL MESSAGE TO US HISTORY STUDENTS with a "Z" in the Gradebook:

If your Gradebook shows a "Z" for **CW 2.2, HW 2.2, CW 2.3, HW 2.3, or HW 2.4** it means your submission has not been recorded. All of these Gradebook items are **links to a Google Form Assignment**. You can find these forms under **US History** in the **Resources** section of **Archie**.

If you are having trouble finding the assignments, please ask a classmate. Over 90% of students have successfully submitted these items and can show you where to look.

Please complete and submit the form, and be sure to **wait for the confirmation window** that indicates it has been submitted.

A report will be run and new scores will be entered into the Gradebook once daily. There is no need to email each time you make a late submission for the remainder of the first quarter, as all late submissions will be checked daily until this Friday.
