American Math Homework #10

This week in class, we will finish **Chapter 3: Comparing Numbers**. We will practice using greater than, less than, and equal to symbols, as well as ordering numbers from least to greatest and greatest to least on a number line.

There will be a test on **Thursday, October 30th**, covering material from Chapter 3. To review for the test, scholars can use last week's and this week's homework, Cinemath, the IXL lessons below, as well as additional resources posted on Archie.

Scholars have access to the IXL math platform for additional practice and reinforcement of the daily lesson. There is no limit to how many times scholars can review the lessons. Below, please find practice modules scholars can complete from home to develop a deeper understanding of the daily lesson.

- BB.1 - BB.3 - BB.5 - BB. Compare numbers using number lines
- BB.2 - BB.4 - BB.6
