

## **Substitute Plan Friday, 11/7**

1. Distribute the Peer Editing Sheet from under the phone on the laptop cart. Every student should get one.
2. Work with a partner in your group, and switch stories with them so that you can read each other's stories.
3. Fill out the Peer Editing sheet and take some time to discuss your feedback with your partner.
4. Once everyone is done filling out the peer editing sheet, stand together in order of your story. Have each member of the group read their part, and make sure that the story is cohesive, and does not have any holes. Practice presenting for next week.
