

HW: IXL

Due: Sunday by 11:00 PM

1) Student IXL Login:

- Username: Archie username@amcsfl
- Password: archimedean1

2) Important Reminder:

IXL is an adaptive platform, which means **each student's progress and score depend entirely on their own effort**. The higher the SmartScore they reach, the higher their homework grade will be.

This assignment is designed to help boost grades, since students can keep practicing and improving until they're satisfied with their score.

No late submissions will be accepted. Students have the entire week to complete the work before Sunday at 11:00 PM.

3) To find your assignments:

Go to My IXL → From your teacher

- 1) [Evaluate variable expressions with whole numbers](#)
- 2) [Evaluate multi-variable expressions](#)
- 3) [Evaluate variable expressions with decimals, fractions, and mixed numbers](#)
