Study Log Instructions

After you finish studying for the day, put a big X over that day in the bottom of the sheet (If it's December 26, you would put an X over the 26t). After a few days you'll have a chain **XXXXXXXXXX**.

**If you did not study one day, do not put an X over that day.**

**Just keep at it and the chain will grow longer every day. Your only job next is to not break the chain. Don't Break The Chain!**
